

# Swissphotonics PIC convention

---

## Participant Information

### Contact person

Please contact Annina Moser for any open questions.

Before the event preferably via email: [annina.moser@polariton.ch](mailto:annina.moser@polariton.ch)

On the day of the event contact preferably via telephone: +41 44 589 51 25

### Unable to come?

The event is fully booked. In case you cannot make it, please write a quick email to Annina Moser so that spots can open for people on the waiting list.

### Address and travel

Polariton Technologies AG  
Soodstrasse 52  
8134 Adliswil, Switzerland

Closest train station: Sood-Oberleimbach, preferred arrival at 9:31  
Whenever possible, use public transportation.

### Inside the building

For the event, please take the elevator to the 3<sup>rd</sup> floor (not the stairs!). Signs will be hung up for orientation.

Polariton offices are on the ground floor clearly visible with a neon sign (for labtours only).

### Parking

Parking spaces are very limited and can require walking a certain distance. Please contact Annina Moser in case you require a parking spot onsite.

Closest public parking spaces:

- Sood 36, Soodring 6, Adliswil (underground, 166 spots, 15 minute walk): CHF 9.- for the first four hours, CHF 5 for additional hour
- Luftseilbahn, Zeltstrasse 80, Adliswil (open, 22 minute walk): free

## Schedule

Check in opens at 9:30 (registration and coffee/tea).

Program starts at 10:00.

The detailed program can be found here:

[https://www.swissphotonics.net/home?event\\_id=4334](https://www.swissphotonics.net/home?event_id=4334).

We invite you to stay for the Apéro Riche starting at approx. 17:10.

## Catering

Lunch, coffee/tea and Apéro Riche are offered. Allergens will be indicated.

## Lunch program

- Participants who have registered for the **gdsfactory workshop** will receive a separate email. It is not possible to attend both the workshop and lab tours.
- For the **lab tours** please check the lists onsite for your slot.

## WiFi

There is limited access to wifi during the convention. Please contact me (Annina), Stephan Koch or Claudia Hoessbacher from Polariton for urgent need of wireless data.
